To Whom it may Concern

I had recently dug a basement in Crooks, SD and during the time of excavating on an established lot, it had been brought to my attention by the general contractor that an employee of Crooks had filed a complaint with your office for not calling in locates. In return I had received a letter from your office giving me information that I had not known. Thank you for bringing this information to my attention and further more I would like to sincerely apologize for my actions and I will be sure to call in for locates for all future excavations.

Sincerely,

Simonsen Excavating
