One Call Board.

I'm writing in Regards To Cut Cable on address #1709-Dawley St. The Complaint makes it sound like I've been doing it wrong all the time for as digging purposes.

Yes I cut the Cable, not because I was being Stupid about Locates I Know all about Locates we send in 3 To 10 Locates about everyday of the year

What i don't understand is why no-one Talked To us about the cut Cable - it seems To me I lived around here for about 20 years, it must make me not being noticed around here, I cut the cable no one else I have a Locate for the property but its for the Sewer and Water install - I went To soon To the project ok first time Cut, why am I made an example of?

I always use care when Looking at a job, Know what, gas was marked I don't Know why, it was

a vacant lot - never is really anything buried on a empty Lot. - but this cable is and it is under the Egrass window where I excavated -

as for as anyone Talking To me about the job. No — One did —

I really don't Know Ray Dejong but he has not visited with me about anything - did I cut the cable yes - did sioux valley Talk To me - No. — was I going To pay the Bill yes. — it was my fault, I'm not a criminal I'm not what the complaint says. —

Soo Sanitary calls on excavating just about everything I did not on this Basment, simply was forgotten I Thought my Sewer + Water Ticket was good. — went too Soon.

Someone Talked To me after the cable cut if I had a ticket I said I didn't call on This one, I guess, he thought I never Call - mis understanding, I can show you thousands of Tickets, I don't Know

What else Tommy.

highlited in yellow is what they said they have done, that's OK but nobody said anything To us Sioux Valley has discussed nothing with Dick Woelber on the action filed against us. - You know what, a phone call would have been nice but when i called and told them I cut a cable they just came and fixed, left us alone.

I'm just hurt, so sorry people go To court rather than communicate Life is Too fast - thank you, probably didnt make any sense.
