I hand spaded APROX 12" DEEP and found No utilities

Then took skid Loader and APROX 4'-5" under old culuert to tie in NEW culuerts

The Depth with skid Loader Bucket was Aprox. 4'-5" in Depth COVERING A 4'-0" x 5'-0" AREA.

No I Did not do A (1) call, that was I gess By law not Right, But did dig By hand to make sure
