Verizon - 41st & Kiawanis 9/24/13

Was undermining under steal line
When felt sumthing, pulled bucket
out and hand dug up 3 orange
conduets. 2 were kinked in half
only 1 had fiber optics in it.
It was damged but not broke.
The locator came out and
said that his marks were off
a little bit. Then relocated the
fiber lines. And Then took some
pictures All before SDN got
there to take there pictures.
And Make the decision on how
to repair the fiber line.
