Re: OC11-012 and OC11-013 City of Aurora against Eagle West

On Friday, December 16, 2011 letters were mailed to you regarding the recommendations made to the South Dakota One Call Notification Board by the Enforcement Panel. Both letters stated that in order to request a hearing the form must be signed and dated prior to the close of business on January 9, 2011. The correct date to request a hearing is prior to the close of business on January 9, 2012. I apologize for this inadvertent error.

Again, as stated in the original letters, if you have any procedural questions relative to these two complaints, please contact me at 605-339-0529 or by email at exedir@sdonecall.com.

Thank you.

A handwritten signature in black ink, appearing to read 'Larry L. Janes', is written in a cursive style.

Larry L. Janes
Executive Director
South Dakota One Call.
