There are two corrections to the mailing sent on August 31, 2012 regarding the South Dakota One Call Enforcement Panel Recommendation in OC12-012. Neither of these two items are substantive and do not alter the timeframe or procedures.

The cover letter stated:

"Be aware, any future violations of any One Call statute or rule may be subject to additional penalties up to \$5,000 for each subsequent violation that occurs within twelve months of the initial violation". However the letter should have stated, "...any future violations of any One Call statute or rule may be subject to additional penalties up to \$10,000 for each subsequent violation that occurs within twelve months of the initial violation.

The Enforcement Panel Recommendation, which stated:

Specifically, the Panel found Stromseth performed excavation without a valid ticket on Saturday, July 28 and Sunday July 29, 2012. The corrected date is July 29, 2012. The corrected Recommendation is attached.

Again, if you have procedural questions relative to this complaint, please contact me at 605-339-0529 or by email at exedir@sdonecall.com. Do Not Contact any members of the South Dakota One Call Notification Board to discuss this complaint, since members may be involved in a hearing if one is requested.
