**Re: OC13-031 Kimball School District against Konechne Digging**

A clerical error was made in the preparation of the January 31, 2014 minutes of the South Dakota One Call Board Enforcement Panel call. This resulted in the omission of the second to the motion and the roll call vote in Docket OC13-031 during the penalty phase of the discussion. The correction has been made and is enclosed.

I apologize for any convenience. This correction, however, does not alter the Enforcement Panel recommendation in any way.
