

Know what's below. Call before you dig.

Facility Operators and Excavators:

The South Dakota One Call Board and/or the local utility companies will be conducting informative sessions to assist the excavation community in reducing damage to underground facilities and improving safety for excavation employees and the general public. The sessions will be structured with a brief presentation by the One Call Board and/or other representatives with the purpose of developing a dialogue to insure effective and efficient excavation activities. Most of the programs will be approximately an hour in length with ample time provided for discussion of items important to attendees.
