Codi

I spoke with Dan and explained that Bert Magstadt (WMU's Director of Operations) wants it noted that there has been instances where complaints could have been filed against LL & Sons but didn't and we are willing to dismiss this complaint as the two sides have spoken and worked it out. Watertown Utilities will file a complaint in the future against LL & Sons if they deem appropriate.

If you want to discuss with Dan our conversation, I am sure he is ok with a call. In the future I feel the One Call Board members recognize that it isn't two Board members filing against each other, it is WMU filing against a company or individual that they feel broke a One Call Statute.

Please let me know if you have any questions or if you think something won't work as noted.

Thanks

Mark
