WORK INFORMATION

State:	SD	Work Date:	4/28/2022 9:45 PM
County:	LAKE	Done For:	City of madison
Place:	MADISON	Duration:	A month or two
Street:	SD Hwy 34	Explosives:	False
Intersection:	W CR 38	Right of Way:	False
Nature of Work:	Sewer main installation	Tunnel/Bore:	False
Meet Requested:	False	Meet Date/Time:	
TRSQ:		Depth:	6-14 feet

DRIVING DIRECTIONS

From intersection of SD hwy 334 and W county road 38 go west approximately 950 feet. You will see staking for a new sewer main on both the north and south side of the road. There is a manhole on south end of staking up by John Deere property corner and the big Madison sign. That is the south boundary of our work. From there the pipeline runs north under highway and through treatment plant property for approximately 1100 feet. The line is not perfectly straight but just follow the stakes north and south.

REMARKS

Work Date: 4/28/2022 9:45:00 PM From sewer manhole up by John Deere corner and the big sign where stakes end approximately 200 feet south of hwy 34, locate 20 feet south of manhole stakes and locate up to south edge of sd hwy 34. Locate 150 feet east of the stakes and 150 feet west of the stakes. At the pavement bike path some stakes will head west for 50 feet approximately. Locate past those stakes 25 feet with these parameters. Continue locating on north side of hwy 34 from edge of sd hwy 34 following stakes for approximately 1000 feet north until they end down on the shoulder of lagoon road at a manhole. Locate 50 feet east of these stakes and locate from these stakes all the way west to the edge of treatment plant property line the whole length of treatment plant property. Use paint AND flags. Use mark area as reference and call with any questions.
