CHAPTER 20:25:03

OPERATOR PARTICIPATION AND MEMBERSHIP CLASSIFICATIONS AND FEES

Section

20:25:03:01 Operator participation.

20:25:03:07 Requirements for operation of a one-call notification center.

20:25:03:01. Operator participation. Each operator required by SDCL 49-7A-2 to join the one-call system:

(1) Shall provide to the notification center data that allows proper notification to the operator of excavation near the operator's utility lines and updates to such data. This data shall be provided to the notification center as soon as possible, but no later than 30 days after membership or operation of underground facilities, whichever is first. This information shall be provided on printed forms or in an internet-based format, approved by the South Dakota One Call Notification board. Each facility operator shall identify and list its high profile underground facilities in such a way it can provide the center with a separate database;

(2) Shall respond to notification of excavation, including emergency notices, as required by SDCL chapter 49-7A and article 20:25;

(3) Shall establish a means of receiving notification of excavation and shall utilize this method to receive such notification from the one-call notification center;

(4) Who receives more than an average of 30 tickets per month in any three consecutive months, shall receive tickets by electronic transmission other than by voice telephone. Electronic transmission includes e-mail, facsimile, data printer, or computer transmission; and

(5) Shall install an underground utility line in such a manner after January 1, 2009, that makes the line locatable by the operator for purposes of this chapter.

(6) Shall provide to the notification center data regarding positive response data prior to the excavation ticket start date or the work to begin start time and date as listed on the ticket.

20:25:03:07. Requirements for operation of a one-call notification center. The one-call notification center shall provide the following services:

(1) Accept a location request from the excavator twenty-four hours a day, seven days a week;

(2) Accept a locate request by telephone call, remote entry by computer transmission, or an internet-based format approved by the South Dakota One Call board;

(3) At close of each location request processed by a customer service representative at the center, prior to the issuance of a confirmation number, verify with the excavator that information provided by the excavator meets the requirements of § 20:25:03:04, 20:25:03:04.01, or 20:25:03:04.02. Following verification of the information, provide the excavator with the verification number associated with this request, a list of underground facility operators who will be notified of this request, and a list of any high profile underground facility operators within the excavation area;

(4) If a locate request, submitted in compliance with § 20:25:03:04, 20:25:03:04.01, or 20:25:03:04.02, is received by remote computer entry or internet transmission, the excavator shall receive a ticket, within four hours, as the confirmation notice;

(5) Record each conversation which pertains to a location request;

(6) Maintain a copy of each conversation and ticket for a period of seven years;

(7) Upon request, provide copies of the tickets and recorded conversations to operators or excavators, at the cost of providing such copies; and

(8) Accept facility operator database information that allows proper notification to the operator of excavation near the operator's utility lines and updates to such data on a web based system as required by the South Dakota One Call Notification board.

(9) Operate an positive response program which accepts updates from operators and excavators on locate requests, twenty-four hours a day, seven days a week, by telephone call, remote entry by computer transmission, or an internet-based format approved by the South Dakota One Call board.
